DUDLEY ROAD EAST - OLDBURY – WEST MIDLANDS – B69 3EB

Belt Conveyors come in a wide variety of shapes and sizes. Marwel Conveyor's range includes a standard duty range based on aluminium extruded side members.

These Belt conveyors can adapted to a wide variety of applications are intended to be a low cost solution to many handling problems. The conveyors are driven from a 113mm diameter motorised drum with a 113 mm diameter terminal roller. The terminal pulley is adjustable for belt tension adjustment

Folded steel or adjustable aluminium extrusion side guides can be fitted with sealing strips if required.

Positive belt tracking is provided for by the addition of tracking profiles on the underside of the endless belt
